INDEX TO VOLUME 6

The star (*) preceding the page number indicates an original article in THE ARCHIVES. Book Reviews, Obituaries and Society Transactions are indexed under these headings in their alphabetical order under the letters B, O and S, respectively.

PAGE

Achard, C.: Pilous virilism and its association with glycolytic insufficiency. 691
Adler, H. M.: Intelligence rating in penal institutions of Illinois..... 238
Affective reactions, variations in intensity of; T. G. Brown..... 347
Alexander, M. E.: Encephalitis; clinical and pathologic study of 25 cases.. *44
Alvis, B. Y., and Sachs, E.: Anatomic and physiologic studies of eighth nerve *119
American Psychiatric Association, annual meeting of..... 72
André-Thomas: Study of sweat in wounds of spinal cord..... 86
Andrieux: Placental transmission of encephalitis..... 452
Anemia in old age; H. Curschmann..... 345
pernicious, early appearance of spinal cord symptoms in; (Biermer). E. Ballmann 346
pernicious, sensory changes in subacute combined degeneration of; A. S. Hamilton and C. E. Nixon..... *1
Anhedonia; a syndrome; A. Myerson.....101, 236
Anxiety neurosis with obsession, case of; I. B. Diamond..... 457
Aphasia: historical review (Hughlings Jackson lecture for 1920); H. Head. 202
sensory, with remarks on pathology of memory; W. von Schuckmann.... 340
Wernicke's, an unusual sequela to cerebral contusion by contre-coup; F. Bremer 88
Association for Research in Nervous and Mental Diseases, 2nd annual meeting 565, 681
Ataxia, case in which severe general ataxia developed during course of acute encephalitis; W. B. Cadwalader..... 241
Friedreich's, case of; J. H. Lloyd and H. S. Newcomer.....*157, 245
Friedreich's, histopathologic study of neuraxes in 3 cases; G. Marinesco and G. Tretiakoff..... 94
hereditary, clinical and anatomopathologic contribution to; G. Mingazzini and F. Giannuli..... 453

Backache, syphilitic, a symptom of syphilis of spinal cord, lumbar muscles and vertebrae, with report of cases; J. V. Klauder..... 580
Bailey, P.: Pathology of trigeminal neuralgia..... 232
Ballmann, E.: Early appearance of spinal cord symptoms in pernicious anemia (Biermer) 346
Barkan, O.: Differential pupilloscope of C. von Hess..... 247
Barker, L. F.: Diagnostic criteria in epidemic encephalitis and encephalomyelitis *173
Barré, J. A.. Postencephalitic Parkinsonian syndrome..... 220
Spinal fluid in encephalitis..... 352
Spinal fluid pressure..... 94
Barrett, A. M.: Psychosis associated with tetany..... 218
Basedow's syndrome with trophedema; C. J. Parhon and A. Stocker..... 574
Bassoe, P., and Hassin, G. B.: Calcification of cerebral vessels with clinical picture simulating brain tumor.....*359
and Hassin, G. B.: Myelitis and myelomalacia; a clinicopathologic study with remarks on fate of gitter cells..... *32
Behavior difficulties; D. M. Levy..... 237

PAGE

Benon, R.: Post-traumatic headache syndrome..... 685
Berger, H.: Pathogenesis of catatonic stupor..... 445
Bernstein, C.: Colony and parole care for dependents and defectives..... 84
Bersot, H.: Development of reactions and plantar reflexes of baby born before term and until 2 years of age..... 208
Bevis, W. M.: Psychological traits of Southern negro, with observations as to some of his psychoses..... 698
Billet, H.: Head trauma..... 585
Bishop, M.: Nervous system of two-headed pig embryo..... 97
Bleuler, E.: Mendelian law as applied to psychoses, with special reference to schizophrenia 344
Blood pressure, sinitrality in relation to high pressure and defects of speech; C. Quinan 225
vessels, calcification of cerebral vessels with clinical picture simulating brain tumor; P. Bassoe and G. B. Hassin.....*359
Bond, E. D.: Results in 251 cases 5 years after admission to hospital for mental diseases *429
Bonhoeffer, K.: Encephalitis..... 336
Bonnaud: Placental transmission of encephalitis..... 452
Book Reviews:
Basis of Psychiatry (Psychobiological Medicine); A. C. Buckley..... 111
Clinical Examination of the Nervous System; G. H. Monrad-Krohn.... 593
Clinical Ophthalmology for General Practitioner; A. M. Ramsay..... 117
Course of Psychotherapy and Hypnotism; G. Flatau.....117, 466
Croonian Lectures on Psychology of Special Senses and Their Functional Disorders; A. F. Hurst..... 113
Der Extrapyramidale Symptomenkomplex (das dystonische Syndrom) und seine Bedeutung in der Neurologie; G. Stertz..... 357
Feebleness of Growth and Congenital Dwarfism, with Special Reference to Dysostosis Cleido-Cranialis; M. Jansen..... 357
Graphic Methods in Heart Disease; J. Hay..... 115
How the Mind Cures; G. F. Butler..... 358
Leitfaden der Electrodiagnostik und Elektrotherapie fuer Praktiker und Studierende; T. Cohn..... 110
Leitfaden der neurologischen Diagnostik; K. Singer..... 358
Logic of the Unconscious Mind; M. K. Bradby..... 356
Manner of Man That Kills: Spencer-Czolgosz-Richeson; L. V. Briggs.. 592
Nervous Child; H. C. Cameron..... 720
Orthopedic Surgery of Injuries; Edited by R. Jones..... 251
Oxford Medicine; By Various Authors. Edited by H. A. Christian and Sir James Mackenzie..... 249
Papers on War Neurology; G. Guillan and J. A. Barré..... 113
Psychology and Psychotherapy; W. Brown..... 248
Psychology of World Views; K. Jaspers..... 719
Study of Women Delinquents in New York State; M. R. Fernald and others 114
Surgical Aspects of Dysentery, Including Liver Abscess; Z. Cope..... 118
Syphilis of Central Nervous System: Its Pathogenesis and Treatment; W. Gennerich..... 462
Syphilis und Nerven system; M. Nonne..... 254
The Endocrines; S. W. Bandler..... 253
Thoughts of a Psychiatrist on War and After; W. A. White..... 252
Tropical Ophthalmology; R. H. Elliot..... 116
Ueber die Juvenile Paralyse; T. Schmidt-Kraepelin..... 116
Boston Society of Psychiatry and Neurology..... 231
Brain and thyroid function; C. Ceni..... 450
calcification of cerebral vessels with clinical picture simulating brain tumor; P. Bassoe and G. B. Hassin.....*359
contrast between brain lesions produced by lead and other inorganic poisons and those caused by encephalitis; G. B. Hassin.....*268

Brain—Continued PAGE
contusion, Wernicke's aphasia, an unusual sequela to cerebral contusion by contre-coup; F. Bremer ... 88
cyst, frontal lobe phenomena, as observed in cyst in left frontal lobe; marked remission of symptoms; decompression after 13 months; necropsy; G. A. Moleen ... *640
origin of cerebral hemispheres; C. J. Herrick ... 93
softening due to venous thrombosis in puerperal infection; R. Cremieu and P. Gauthier ... 350
telangiectasis of, report of 2 cases; E. M. Hammes ... *263
tumor, diagnosis of location and nature of certain variety of cerebral tumors (psammoma or angiolithic sarcoma) by roentgen ray; Souques 705
tumor, eye signs in intracranial tumors of anterior fossa, report of 2 cases; A. B. Siewers ... *424
tumor, grasp reflex with; contribution to study of localization of center of several complicated reflex movements; W. Parrisius ... 440
tumor, successful removal of, report of 8 cases; W. G. Spiller and C. H. Frazier ... *476
vascularity of cerebral cortex of albino rat; E. H. Craigie ... 697
Bremer, F.: Wernicke's aphasia—an unusual sequela to cerebral contusion by contre-coup ... 88
Brown, T. G.: Variations in intensity of affected reactions ... 347
Buscamo, V. M.: Epilepsy, anaphylaxis and dysthyroidism ... 92

Cadwalader, W. B.: Case in which severe general ataxia developed during course of acute encephalitis ... 241
Character of onset of spinal paralysis with reference to significance of apoplectiform type of onset in contrast to slow progressive development of paralysis ... *541
Calcification of cerebral vessels with clinical picture simulating brain tumor; P. Bassoe and G. B. Hassin ... *359
Campbell, C. M.: Presentation of case of psychosis ... 228
Cannon, W. B.: Evidence of nervous control of some internal secretions ... 707
Casamajor, L.: Neuroses in business life ... 699
Case, E. C.: Endocranial cast from a reptile, desmatosuchus spurensis, from the upper Triassic of Western Texas ... 699
Catatonic stupor, pathogenesis of; H. Berger ... 445
Caussade, L.: Hydrocephalic form of cerebrospinal meningitis in infants ... 80
Ceni, C.: Brain and thyroid function ... 450
Cerebral syndrome, new (isolated loss of mimic, phonation, articulation, mastication and deglutition with retention of voluntary innervation of oral muscle-complexes); O. Fischer ... 73
Cerebrospinal fluid, comparative results of colloidal mastic and colloidal gold tests; A. Keidel and J. E. Moore ... *163
comparative study of sugar content of, in diseases of nervous system; L. D. Stevenson ... *292
compression syndrome in, with special reference to Queckenstedt symptom; K. Crosz and M. Pappenheim ... 572
compression syndrome of, in tuberculous spondylitis; W. Ravens ... 575
fluid pressure; J. A. Barré and R. Schrapf ... 94
preparation of colloidal gold solution for testing spinal fluid; A. O. Gettrel and J. W. Jackson ... *70
study of, 1,869 cases of syphilis in all stages; U. J. Wile and C. H. Marshall ... 447
Weichbrodt's sublimat reaction in cerebrospinal fluid; E. J. Marx ... 352
Chaillous: Pigmentary retinitis and hypophysial obesity ... 219
Chaix, A.: Differential diagnosis between myoclonic uremia and epidemic encephalitis ... 449
Chavigny, P.: Psychopathic prodromal symptoms of epidemic encephalitis ... 697
Cheinisse, L.: Treatment of encephalitis ... 95
Cheney, C. O.: Significance of reported nerve cell alterations in dementia praecox (with lantern slides) ... 590

PAGE

Chorea, Sydenham's histologic examination of neuraxis in case of; P. Marie and C. Tretiakoff 582
Clark, L. P.: Psychogenic study of epilepsy in child 587
Coleman, C. C.: Interpretation of muscle function in its relation to injuries of peripheral nerves 83
Colloidal gold solution for testing spinal fluid, preparation of; A. O. Gettler and J. W. Jackson *70
mastic and colloidal gold tests, comparative results; A. Keidel and J. E. Moore *163
Colony and parole care for dependents and defectives; C. Bernstein 84
Convulsions in early infancy; A.-B. Marfan 695
Cook, M. H.: Are taste-buds of elasmobranches endodermal in origin? 349
Copp, O.: Some problems confronting the association 687
Cordier, V.: Abnormal localization of tetany in adult 449
Cornwall, L. H.: Atypical forms of encephalitis 700
Corpus striatum, anatomical and clinical syndromes of; J. Lhermitte 684
Courtney, R. H.: Report of cases of cranial nerve paralysis occurring during epidemic of acute poliomyelitis 104
Craigie, E. H.: Vascularity of cerebral cortex of albino rat 697
Cranial development following enucleation in early youth; possible effect in adult life; G. Dickinson 97
Cranium fracture, paralysis of spinal accessory nerve following basal skull fracture; G. L. Regard 95
repair of defects by bone transplants: a comparison with cartilaginous transplants and endoprosthesis; Mauclaire 700
Cremieu, R.: Cerebral softening due to venous thrombosis in puerperal infection 350
Crile, G. W.: Exhaustion: an experimental research 578
Crosz, K.: Compression syndrome in spinal fluid with special reference to Queckenstedt symptom 572
Curschmann, H.: Anemia in old age 345

Dagnini, G.: Simultaneous multiple cloni in encephalomyelitis 446
Dana, C. L.: The anatomic seat of emotions: a discussion of James-Lange theory *634
Danaye, H.: Trophic sores and cerebral atrophy in those with mental dis. orders 96
Davis, T. K.: Acute infection of spinal roots and peripheral nerves (neuronitis) 706
Colloidal gold curve in epidemic encephalitis; preliminary note 351
Decerebrate rigidity; J. W. McConnell 242
Defectives, colony and parole care for dependents and defectives; C. Bernstein 84
Delusions and hallucinations, compensatory mechanism of; S. A. Silk 347
Dementia Praecox, comparative study of personality traits in early and late dementia; C. E. Rowe 82
personality study of; A. E. Perkins 87
platelet count and bleeding time in; S. Uyematsu 704
reproductive glands and mental disorders, with special reference to; G. H. Kirby and C. E. Gibbs 89
significance of reported nerve cell alterations in; C. O. Cheney 590
Deschamps, P. N.: Acute inflammatory tabetic arthropathies 696
Diabetes insipidus, administration of pituitary extract and histamin in; R. B. Gibson and F. T. Martin 224
Diagnosis, undiagnosed cases, Chicago State Hospital; C. F. Read 348
Diamond, I. B.: Anxiety neurosis with obsession 457
Dickinson, G.: Cranial development following enucleation in early youth; possible effect in adult life 97
Diplomyelia; F. Kino 703
Dunlap, C. B.: Changes in brain in encephalitis 442
Dutch Society of Mental Hygiene 201
Dystrophy, progressive, muscular and thyroid hypoplasia; H. Maiweg 701

PAGE

Edema, acute, circumscribed, edema and related conditions; H. Quincke.... 682
Elwood, E. S.: Mental clinic and community..... 453
Emotions, the anatomic seat of emotions: a discussion of James-Lange theory; C. L. Dana.....*634
Encephalitis, acute, case in which severe general ataxia developed during course of; W. B. Cadwalader..... 241
epidemic; K. Bonhoeffer..... 336
epidemic, and pregnancy; Marinesco..... 584
epidemic and pregnancy: transmission of the disease by mother to fetus; R. Jorge..... 703
epidemic, atypical forms of; C. Rosenheck and L. H. Cornwall..... 700
epidemic, clinical and pathologic study of 25 cases; M. E. Alexander..... *44
epidemic, colloidal gold curve in; T. K. Davis and W. M. Kraus..... 351
epidemic, contrast between brain lesions produced by lead and other inorganic poisons and those caused by; G. B. Hassin.....*268
epidemic, diagnostic criteria in encephalomyelitis and; L. F. Barker.....*173
epidemic, differential diagnosis between myoclonic uremia and; H. Roger and A. Chaix..... 449
epidemic of long duration; S. Turretti and G. Piotrowski..... 701
epidemic, peculiar form of sleep disturbance in childhood as a sequel to; F. Hofstadt..... 77
epidemic, placental transmission; R. Mercier, Andrieux and Bonnaud.... 452
epidemic, psychopathic prodromal symptoms of; P. Chavigny and E. Gelma 697
epidemic, psychosis associated with; D. Rotman..... 456
epidemic, simulating brain tumor; I. J. Sands..... 588
epidemic, spinal fluid in; J. B. Barré and L. Reys..... 352
epidemic, statistics of; I. S. Wechsler..... 215
epidemic, types of; A. W. Fairbanks..... 100
lethargica, changes in brain in; C. B. Dunlap..... 442
lethargica involving chiefly cerebral cortex; G. A. Watson..... 214
lethargica, its psychotic manifestations with report of 23 cases; L. B. Hohman *295
lethargica, ocular disturbance in; P. P. Waaidenburg..... 688
lethargica, ocular manifestations; G. I. Hogue..... 703
lethargica, symptom complexes with special reference to involuntary muscular contractions; F. M. R. Walshe..... 217
lethargic, treatment of; L. Cheinisse..... 95
postencephalitis Parkinsonian syndrome; J. A. Barré and L. Reys..... 220
with prominence of hallucinatory symptoms; L. J. Thompson..... 227
with symptoms indicating disturbance in region of pituitary gland; D. A. Thom 226
Encephalomyelitis, diagnostic criteria in epidemic encephalitis and encephalomyelitis; L. F. Barker.....*173
simultaneous multiple cloni in epidemic encephalomyelitis; G. Dagnini.. 446
Endocranial cast from reptile, desmatosuchus spurensis, from the upper Triassic of Western Texas; E. C. Case..... 699
Endocrine glands; evidence of nervous control of some internal secretions; W. B. Cannon..... 707
internal secretions and nervous system; W. Löffler..... 698
Endocrinology, clinical; W. Timme..... 342
disappointments of..... 353
Epilepsy, anaphylaxis and dysthyroidism; V. M. Buscamo..... 92
psychogenic, in child; L. P. Clark..... 587
Exhaustion: studies and experimental research; G. W. Crile..... 578
Eye, enucleation in early youth; cranial development following; possible effect in adult life; G. Dickinson..... 97
signs in intracranial tumors of anterior fossa, with report of 2 cases; A. B. Siewers.....*424

Fairbanks, A. W.: Types of encephalitis..... 100
Feeblemindedness in hereditary neurosyphilis; O. J. Raeder..... 350
